

GO FROM UNFINISHED WOOD POST TO FINISHED PVC WRAP IN A SNAP.

With KlearSnap's unique locking joint and notched moulding kits, KlearSnap Post Wraps can usually be installed by one person in less than ten minutes.* And since KlearSnap Post Wraps are manufactured from Klear cellular PVC, they don't need to be painted for protection. However, if a color other than white is desired, 100% Acrylic House Paint can be used with amazing results. It really is true; beautifying wood posts is a snap with KlearSnap Post Wraps!

*Actual installation times will vary based on the general installation circumstances, the drying time of adhesives used and the expertise of the installer.

KLEERSnap Moulding Kits

KleerSnap Post Wraps provide an easy, cost effective way to improve the appearance and durability of exterior posts. KleerSnap Post Wraps are manufactured from Kleer cellular PVC to create the finished look of natural wood while being virtually impervious to moisture and insects. KleerSnap Post Wraps come with a lifetime warranty against splintering, rotting, delaminating or swelling excessively due to moisture.*
